T-shirt Design Option 1 - Center Chest

T-shirt Design Option 2 - Left Chest

INSTRUCTIONS FOR PRINTING T-SHIRTS

- If working with a **local printing vendor**, provide them with the Do Unto Others logo file included in the download folder, along with this PDF, and let the printer know which design option you are wanting:
 - Option 1 with Center Chest logo
 - Option 2 with Left Chest logo

If using an **online**, **self-service printing vendor** (such as VistaPrint or StickerMule), upload the Do Unto Others logo file included in the t-shirt download folder to the vendor's design platform. Depending on the vendor you use, some will give you artwork positions to choose from (choose either Center Chest or Left Chest); some will allow you to move and place the logo yourself in the design platform (use the images above as reference guides for placement).

You can also upload your own organization logo to your preferred print vendor, for printing on the sleeve or back of the shirt, if desired.

DON'T WANT TO DIY?

Visit goexapparel.com/dountoothers to place a custom order of at least 24 shirts with our fair trade t-shirt partner, GOEX. Fill out the form, send in your own logo, and they'll take care of the rest!
